TOP-UP BURSARIES AVAILABLE

We’re offering small Top-up Bursaries to support dedicated students in completing their qualifications. The aim is to help ease your financial burden and keep you focused on your studies!

If you are currently registered for the 2026 academic year and could use additional financial support to complete your qualification, we want to hear from you.

Minimum Requirements

- Registered with an institution of higher learning in the 2026 academic year.
- Must have an outstanding balance on their tuition.
- Studying towards qualifications in Electrical Engineering or any Renewable Energy (RE) related qualification (e.g. Higher certificate in RE, Project Management and/or Electrical Draughting).

Preference will be given to students from Virginia within the Matjhabeng Local Municipality.

How to Apply

To apply for this opportunity, please scan the QR code to complete the questionnaire and send a copy of your CV and proof of registration to hireme@solagroup.co.za

Closing date: 15 November 2026
